FINISHING TOUCHES WITH EXCEPTIONAL FIT AND FINISH.

Our soffit, fascia and trim systems are designed to not only enhance the aesthetics of your home or business but to provide proper ventilation to your attic, which helps control energy costs during the hot summer months and reduces ice build-up during cold winter months. Our steel and aluminum products are 100% recyclable and are backed by our industry's leading warranty. Our proprietary ENTEX paint finish will not crack, chip or peel over time — we guarantee it.
