or Step-Up Profiles

Regular Profile

Step-Up Profile

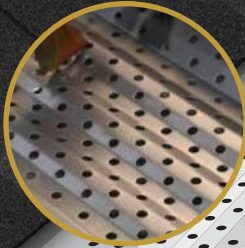

GutterRx Gutter Guards are American-made aluminum inserts designed to fit securely into your gutter, weathering even the heaviest rainstorms with ease. Our gutter guards fit both new and existing gutters, never interfere with roof shingles, and are virtually invisible from the ground. Available in white and dark bronze, GutterRx is made from 98% recycled aluminum and features a patented ribbed design for optimal airflow to clear debris.

www.GutterRX.com

Self Cleaning Ridges

Patented ribbed design encourages airflow to lift debris off with a gentle breeze.

All Aluminum Construction

Our aluminum is highly durable and 98% recycled.

Strengthens Entire Gutter System

Our unique design attaches at the front and rear, strengthening your entire gutter system.

Keeps Pests from Building Nests

Designed to keep birds and other animals out, so your gutters stay nest free.

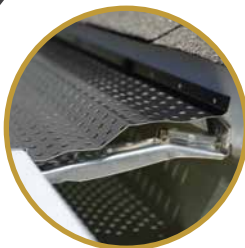

Invisible from the Ground

Won't interfere with your shingles or the look of your home.

New Step-Up Profile

Accommodates quick screw hangers.

Additional Benefits

- 1 Permanently eliminates the need for gutter cleaning, saving you time and money.
- 2 Available in multiple sizes: Options available for 5", 6" and 7" gutters. 4.5" fascia style also available.
- 3 Available in two colors and two profiles. White or dark bronze, regular or step-up profiles.
- 4 Protects your home from damages caused by clogged gutters such as: foundation damage, basement flooding, and rotting fascia boards and siding.
- 5 Professionally installed by a nationwide network of contractors.
- 6 Made in the USA from 98% recycled aluminum.
